WATER WORLD

A short walk from the Pacific Design Center in Los Angeles, **Waterworks'** new 10,000-square-foot showroom opened on Melrose in late June, replacing two smaller L.A. locations. Designed by the company's creative director, David Schaefer, and New York's Lalire March Architects, the generous space features two levels filled with the 30-year-old-company's signature bath designs against a backdrop of striking tile installations. 8580 Melrose Ave., West Hollywood, 310-289-5211, waterworks.com.
